

Medora Community Bible Church

Benevolence Distribution Policy

In the distribution of benevolence funds, priority will be given to members and regular attendees of Medora Community Bible Church. Following the model of the early Church, we seek to take care of our church families in need. We will, as funds allow, distribute to those who do not attend MCBC. By helping them in time of need, we demonstrate the compassion of Christ.

An MCBC Elder will seek to make a home visit in order to evaluate the need before funds are distributed. The Elder should use this opportunity to give the Gospel and to offer spiritual and financial counsel. Anyone receiving finances will be asked to attend services at MCBC.

It is best, in most situations, not to give cash but to meet the need. For example, if a person needs gas, it is better to give them gas than money to purchase gas.
